**ABBREVIATION REFERENCE:** AIR = American Indian Reservation; Trust Land = Off-Reservation Trust Land; TDSA = Tribal Jurisdiction Statistical Area; TDSA = Tribal Designated Statistical Area; ANVSA = Alaska Native Village Statistical Area; ANRC = Alaska Native Regional Corporation; CDD = Census Civil Division; CDD = Census Designated Place; BNA = Block Number Area

**FEATURES**

Highway	Pipe/Power Line	Stream/Shoreline
Secondary Road	Ridge/Physical Feature	Intermittent Stream
Imp./Trunk/Water/Flow	Property/Fence Line	Air
Railroad	Navigable Boundary	Glacier
Metals	Inset	Out Area

Where International, state, and/or county boundaries coincide, the map shows the boundary symbol for only the highest ranked of these boundaries.

1 A " " following a place name indicates that the place is also a false MCD; the false MCD name is not shown.

2 In 1990, the crew-of-vessels population of ships at sea was allocated to census tracts with a "0" suffix. As another symbol used on the 1990 maps locating a crew-of-vessel tract, these maps show a very small area symbolized as a census tract with the census tract number shown next to the area.

3 A " " following a block number indicates that the block number is repeated elsewhere in the block.

The diagram illustrates the relationship between map symbols and real-world landscape features. It is organized into two columns. The left column lists map symbols, and the right column lists the corresponding landscape features. The symbols include: a solid line for 'Highway', a dashed line for 'Secondary Road', a line with cross-ticks for 'Jeep Trail/Walkway/Ferry', a line with cross-ticks and a central dot for 'Railroad', a dashed line with dots for 'Mudflat', a rectangle with a grid pattern for 'Inset', and a rectangle with a wavy pattern for 'Out Area'. The landscape features include: 'Pipe/Power Line' (represented by a dashed line with cross-ticks), 'Ridge/Physical Feature' (represented by a line with cross-ticks), 'Property/Fence Line' (represented by a dashed line with dots), 'Nonvisible Boundary' (represented by a dashed line with dots), 'Stream/Shoreline' (represented by a blue wavy line), 'Intermittent Stream' (represented by a light blue wavy line), 'River' (represented by a blue wavy line), and 'Glacier' (represented by a light blue wavy line with a central dot).

Highway	Pipe/Power Line	Stream/Shoreline
Secondary Road	Ridge/Physical Feature	Intermittent Stream
Jeep Trail/Walkway/Ferry	Property/Fence Line	River
Railroad	Nonvisible Boundary	Glacier
Mudflat		
Inset		Out Area

Where international, state, and/or county boundaries coincide, the map shows the boundary symbol for only the highest-ranking of these boundaries.

- <sup>1</sup> A "+" following a place name indicates that the place is also a false MCD; the false MCD name is not shown.
- <sup>2</sup> In 1990, the crews-of-vessels population of ships at sea was allocated to census tracts with a ".99" suffix. An anchor symbol appeared on the 1990 maps locating a crews-of-vessel tract. These maps show a very small area symbolized as a census tract with the census tract number shown near the area.
- <sup>3</sup> A "\*" following a block number indicates that the block number is repeated elsewhere in the block.
